KEYB-V050 NEWSTAR KEYBOARD/MOUSE SUPPORT

The KEYB-V050 is a small size (50x23 cm) keyboard and mouse support. In combination with the connection plate KEYB-V100RACK you can combine this support with a desk-, ceiling or wall mount.

The KEYB-V050 offers a keyboard and mouse to be mounted everywhere. It can be mounted to the wall, ceiling or on a desk by using the connection plate KEYB-V100RACK. Any mount with VESA 75 can be used.

This bracket uses the VESA hole pattern allowing this holder to use with every NewStar LCD mount. Because of this, you choose the solution which fits your situation. So you can choose for wall mount as for gas spring desk mounts. Combinations of keyboards, mice and LCD screens is simply possible.

Our example shows a LCD desk mount model FPMA-D940HC combined with KEYB-V100 (75x23 cm) and KEYB-V100RACK. The installation of KEYB-V050 (50x23cm) works similar. The installation can be done in a snap!

The holder has been arranged both for left - and right-handed users. Every keyboard and mouse are appropriate on this holder.

SPECIFICATIONS

Color	Silver
Warranty	5 year
VESA minimum	75x75 mm
VESA maximum	75x75 mm
